

St Johns School Dormitory Project

St Johns Secondary school has been offering Education to O Level Standards since 1985. From 2018 the school would like to offer their students the opportunity to study for Advanced Level Qualifications.

This new provision will significantly improve the Students opportunities for obtaining good employment and improve the prospects for the rest of their family and the community. Once the students have gained their qualifications the School is committed to assisting them with their application process to higher education.

The School has already built 4 new classrooms and have teachers who are ready to provide Advanced Level study. The requirement now is to provide adequate dormitory accommodation.

Our project aims to:

- Increase the level of education offered, and facilitates entry into higher education.
- Provide accommodation for the additional students
- Provide opportunities for development for students
- Provide additional opportunities for local children to progress

The Project Cost of £10800

Will include:

- The building of a 48 bed dormitory
- The provision of new bunk beds

Please send your donation to: **Mrs J Barrett, 108 High Street, Hartlepool, TS24 0QY**
